

# THE AIM OF SGA

*Slavic Gospel Association (UK) seeks to serve the Church among the Slavic nations of the world by assisting it to become fully equipped to fulfil the great commission of Jesus Christ, particularly among its own peoples*

## CONFRONTING THE CHALLENGE

through our 5 areas of ministry

### **Bible Student Sponsorship**

*The Student Sponsorship programme seeks to fund nationals through specialised theological training*

### **Biblical Leadership Training**

*This is carried out through a number of lay training Mission Schools under the leadership of national Christians. This is the focal point of all SGA(UK)'s activity*

### **Christian Literature**

*A range of Bible and literature projects are supported, with our main emphasis on "in-country" publications and printing*

### **Leadership Support**

*This is provided for many national Christians who are called and equipped by God and recommended by their Church leaders*

### **Crisis Response**

*SGA responds to "one-off" situations to meet needs and emergencies through which the love of Christ is ministered in very practical ways*
